As time for the presentation of Awards is limited, only those Award recipients present will be accorded an introduction, an outline of the contributions that merited the Award, and the award presentation. Awards for recipients not in attendance will be mentioned, and then given to the person accepting on their behalf. All recipients will be given a summary write-up in the Fall *BCnature* magazine. It is hoped that an absent recipients' Club or Region will then host an event, during which they will be present, for a closer-to-home presentation. If neither the recipient nor a representative is able to attend, please provide an address to which the Award can be mailed.

Please note that the recipient of the award, other than a thank you, will not be able to make a speech as the time will be limited due to the banquet and speaker.
