Dear Mr. Doerkson:

On behalf of the Federation of BC Naturalists, BC Nature, I send you congratulations upon your party's election to form the next government for the province of British Columbia.

BC Nature presents 65 nature and conservation groups in British Columbia, with a combined membership of 7,000. Founded in 1969, we have a long history of working with the governments of the times to protect nature and our province's amazing biodiversity.

There are numerous issues that concern our members and we feel we can contribute in many ways to the policies, legislation, objectives, and considerations of your new government.

We look forward to the naming of your ministers and commit to engaging with them to ensure that nature is considered in all endeavours.

Again, congratulations and best wishes in setting a course for the province. We trust that nature's species and environments will be important to your government.

Sincerely,

Harold Sellers
President
